FARM CREDIT ADMINISTRATION
LOAN ACCOUNT REPORTING SYSTEM INSTRUCTIONS

Revision No. 39
Effective December 15, 2002

Enclosed is the thirty-ninth revision to the Farm Credit Administration's Loan Account Reporting System (LARS) Instructions. Revisions of specific instructions are identified on each page by an asterisk in the left margin of the section that has been revised. Revision No. 39 should be filed after the "Revisions" tab in your instruction book. All LARS instructions should be filed in the back of your Uniform Call Report Instruction Manual. Listed below is an explanation of the revisions.

Discussion of Revision

Standard Industrial Codes	The following codes and definitions were added: 1794 Excavation; 5143 Dairy Products, Except Dried or Canned; 5172 Petroleum and Petroleum Products Wholesalers, Except Bulk Stations and Terminals. All of the pages of this section have been reprinted.
Loan Service Organization Codes	As a result of recent association mergers and the addition and deletion of branch codes, all pages in this section have been reprinted.

Listed below are the pages that have been revised in the LARS Instructions. The revised pages should be inserted into the appropriate section of the instruction book as follows:

PAGES TO BE REMOVED	PAGES TO BE INSERTED
Standard Industrial Codes	Standard Industrial Codes
pp. i-x, 1-77	pp. i-x, 1-82
Loan Service Organization Codes	Loan Service Organization Codes

Major Group 0100 AGRICULTURAL PRODUCTION—CROPS

The Major Group as a Whole

This major group includes establishments (e.g., farms, orchards, greenhouses, nurseries) primarily engaged in the production of crops, plants, vines, and trees (excluding forestry operations). This major group also includes establishments primarily engaged in the operation of sod farms, and cranberry bogs; in the production of mushrooms, bulbs, flower seeds, and 3vegetable seeds; and in the growing of hydroponic crops. Seeds of field crops are classified in the same industry as crops grown for other purposes.

An establishment primarily engaged in crop production (Major Group 0100) is classified in the industry (four-digit) and the industry group (three-digit) which accounts for 50 percent or more of the total value of sales for its agricultural production. If the total value of sales for agricultural products of an establishment is less than 50 percent from a single industry group, but 50 percent or more of the value of sales for its agricultural products derives from the products of two or more industry groups within the same industry, the establishment is classified in the miscellaneous industry of that industry group; otherwise, it is classified as a general crop farm in Industry 0191. Establishments that derive 50 percent or more of their value of sales from horticultural specialties of Industry Group 0180 are classified in Industry 0181 or 0182 according to their primary activity.

Major Group 0200 AGRICULTURAL PRODUCTION - LIVESTOCK AND ANIMAL SPECIALTIES

The Major Group as a Whole

This major group includes establishments (e.g., farms, ranches, dairies, feedlots, egg production facilities, broiler facilities, poultry hatcheries, apiaries) primarily engaged in the keeping, grazing, or feeding of livestock for the sale of livestock or livestock products (including serums), for livestock increase, or for value increase. Livestock, as used here, includes cattle, hogs, sheep, goats, and poultry of all kinds; also included in this major group are animal specialties, such as horses, rabbits, bees, pets, fish in captivity, and fur-bearing animals in captivity.

An establishment primarily engaged in the production of livestock or livestock products (Major Group 0200) is classified in the industry (four-digit) or industry group (three-digit) which accounts for 50 percent or more of the total value of sales for its agricultural production. If the total value of sales for agricultural products of an establishment is less than 50 percent from a single four-digit industry, but 50 percent or more of the value of sales for its agricultural products derives from the products of two or more four-digit industries within the same three-digit industry group, the establishment is classified in the miscellaneous industry of that industry group; otherwise, it is classified as a general livestock farm in Industry 0291.

Industry Group Number	Industry Number	
0210		**LIVESTOCK, EXCEPT DAIRY AND POULTRY**
	0211	**Beef Cattle Feedlots**

Establishments primarily engaged in the fattening of beef cattle in a confined area for a period of at least 30 days, on their own account or on a contract or fee basis. Feedlot operations that are an integral part of the breeding, raising, or grazing of beef cattle are classified in Industry 0212. Establishments which feed beef cattle for periods of less than 30 days, generally in connection with transport, are classified in Transportation, Industry 4789.

* Major Group 1700 CONSTRUCTION – SPECIAL TRADE CONTRACTORS

The Major Group as a Whole

This major group includes special trade contractors who undertake activities of a type that are specialized either to building construction, including work on mobile homes, or to both building and nonbuilding projects. These activities include painting (including bridge painting and traffic land painting), electrical work (including work on bridges, power lines, and power plants), carpentry work, plumbing, heating, air-conditioning, roofing, and sheet metal work. Special trade contractors primarily engaged in activities that are clearly of a type specialized to heavy construction, such as grading for highways and airport runways; guardrail construction; installation of highway signs; underwater rock removal; and asphalt and concrete construction of roads, highways, streets, and public sidewalks are classified in Major Group 16.

Special trade contractors may work on subcontract from the general contractor, performing only part of the work covered by the general contract, or they may work directly for the owner. Special trade contractors for the most part perform their work at the site of construction, although they also may have shops where they perform wok incidental to the job site.

MAJOR GROUP 2800 CHEMICALS AND ALLIED PRODUCTS

The Major Group as a Whole

This major group includes establishments producing basic chemicals and establishments manufacturing products by predominantly chemical processes. Establishments classified in this major group manufacture three general classes of products: (1) basic chemicals, such as acids, alkalies, salts, and organic chemicals; (2) chemical products to be used in further manufacture, such as synthetic fibers, plastics materials, dry colors, and pigments; and (3) finished chemical products to be used for ultimate consumption, such as drugs, cosmetics, and soaps; or to be used as materials or supplies in other industries, such as paints, fertilizers, and explosives. The mining of natural alkalies and other natural potassium, sodium, and boron compounds, of natural rock salt, and of other natural chemicals and fertilizers are classified in Mining, Industry Group 147. Establishments primarily engaged in manufacturing nonferrous metals and high-percentage ferroalloys are classified in Major Group 33; those manufacturing silicon carbide are classified in Major Group 32; those manufacturing baking powder, other leavening compounds, and starches are classified in Major Group 20; and those manufacturing artists' colors are classified in Major Group 39. Establishments primarily engaged in packaging, repackaging, and bottling of purchased chemical products, but not engaged in manufacturing chemicals and allied products, are classified in Wholesale or Retail Trade industries.

Industry Group Number	Industry Number	
2860		**INDUSTRIAL ORGANIC CHEMICALS**

Establishments primarily engaged in manufacturing industrial organic chemicals. Important products of this group include: (1) noncyclic organic chemicals, such as acetic, chloroacetic, adipic, formic, oxalic and tartaric acids, and their metallic salts; chloral, formaldehyde, and methylamine; (2) solvents such as amyl, butyl, and ethyl alcohols; methanol; amyl, butyl and ethyl acetates; ethyl ether, ethylene glycol ether, and diethylene glycol ether; acetone, carbon disulfide, and chlorinated solvents, such as carbon tetrachloride, perchloroethylene, and trichloroethylene; (3) polyhydric alcohols, such as ethylene glycol, sorbitol, pentaerythritol, synthetic glycerin; (4) synthetic perfume and flavoring materials, such as coumarin, methyl salicylate, saccharin, citral, citronellal, synthetic geraniol, ionone, terpineol, and synthetic vanillin; (5) rubber processing chemicals, such as accelerators and antioxidants, both cyclic and acyclic; (6) plasticizers, both cyclic and acyclic, such as esters of phosphoric acid, phthalic anhydride, adipic acid, lauric acid, oleic acid, sebacic acid, and stearic acid; (7) synthetic tanning agents, such as naphthalene sulfonic acid condensates; (8) chemical warfare gases; (9) esters, amines, etc., of polyhydric alcohols and fatty and other acids; (10) cyclic crudes and intermediates; (11) cyclic dyes and organic pigments; and (12) natural gum and wood chemicals. Establishments primarily engaged in manufacturing plastics materials and nonvulcanizable elastomers are classified in Industry 2821; those manufacturing synthetic rubber are classified in Industry 2822; those manufacturing essential oils are classified in Industry 2899; those manufacturing rayon and other manmade fibers are classified in Industries 2823 and 2824; those manufacturing specialty cleaning

polishing, and sanitation preparations are classified in Industry 2842; those manufacturing paints are classified in Industry 2851; and those manufacturing inorganic pigments are classified in Industry 2816. Distillers engaged in the manufacture of grain alcohol for beverage purposes are classified in Industry 2085.

2869 Industrial Organic Chemicals, Not Elsewhere Classified

Establishments primarily engaged in manufacturing industrial organic chemicals, not elsewhere classified. Important products of this group include: (1) aliphatic and other acyclic organic chemicals, such as ethylene, butylene, and butadiene; acetic, chloroacetic, adipic, formic, oxalic and tartaric acids and their metallic salts; chloral, formaldehyde, and methylamine; (2) solvents such as amyl, butyl, and ethyl alcohols; methanol; amyl, butyl and ethyl acetates; ethyl ether, ethylene glycol ether, and diethylene glycol ether; acetone, carbon disulfide, and chlorinated solvents, such as carbon tetrachloride, perchloroethylene, and trichloroethylene; (3) polyhydric alcohols, such as ethylene glycol, sorbitol, pentaerythritol, synthetic glycerin; (4) synthetic perfume and flavoring materials, such as coumarin, methyl salicylate, saccharin, citral, citronellal, synthetic geraniol, ionone, terpineol, and synthetic vanillin; (5) rubber processing chemicals, such as accelerators and antioxidants, both cyclic and acyclic; (6) plasticizers, both cyclic and acyclic, such as esters of phosphoric acid, phthalic anhydride, adipic acid, lauric acid, oleic acid, sebacic acid, and stearic acid; (7) synthetic tanning agents, such as naphthalene sulfonic acid condensates; (8) chemical warfare gases; (9) esters, amines, etc., of polyhydric alcohols and fatty and other acids. Establishments primarily engaged in manufacturing plastics materials and nonvulcanizable elastomers are classified in Industry 2821; those manufacturing synthetic rubber are classified in Industry 2822; those manufacturing essential oils are classified in Industry 2899; those manufacturing wood distillation products, naval stores and natural dyeing and tanning materials are classified in Industry 2861; those manufacturing manmade textile fibers are classified in Industries 2823 and 2824. Those manufacturing specialty cleaning, polishing, and sanitation preparations are classified in Industry 2842; those manufacturing paints are classified in Industry 2851; those manufacturing urea are classified in Industry 2873; those manufacturing organic pigments are classified in Industry 2865; those manufacturing inorganic pigments are classified in Industry 2816 and those manufacturing aliphatics and aromatics as byproducts of petroleum refining are classified in Industry 2911. Distilleries engaged in the manufacture of grain alcohol for beverage purposes are classified in Industry 2085.

2870		**AGRICULTURAL CHEMICALS**

This group includes establishments primarily engaged in manufacturing nitrogenous and phosphatic basic fertilizers, mixed fertilizers, pesticides, and other agricultural chemicals. Establishments primarily engaged in manufacturing basic chemicals, which require further processing or formulation before use as agricultural pest control agents, are classified in Industry Groups 281 or 286.

2873 Nitrogenous Fertilizers

Establishments primarily engaged in manufacturing nitrogenous fertilizer materials or mixed fertilizers from nitrogenous materials produced in the same establishment. Included are ammonia fertilizer compounds and anhydrous ammonia, nitric acid, ammonium nitrate, ammonium sulfate and nitrogen solutions, urea, and natural organic fertilizers (except compost) and mixtures.

Ammonia liquor
Ammonium nitrate and sulfate
Anhydrous ammonia
Aqua ammonia, made in ammonia plants
Fertilizers, mixed: made in plants producing nitrogenous fertilizer materials

2910		**PETROLLEUM REFINGING**
	2911	**Petrolleum Refinging**

Establishments primarily engaged in producing gasoline, kerosene, distillate fuel oils, residual fuel oils, and lubricants, through fractionation or straight distillation of crude oil, redistillation of unfinished petroleum derivatives, cracking or other processes. Establishments of this industry also produce aliphatic and aromatic chemicals as byproducts. Establishments primarily engaged in producing natural gasoline from natural gas are classified in mining industries. Those manufacturing lubricating oils and greases by blending and compounding purchased materials are included in Industry 2992. Establishments primarily re-refining used lubricating oils are classified in Industry 2992. Establishment primarily engaged in manufacturing cyclic and acyclic organic chemicals are classified in major Group 28.

* MAJOR GROUP 3500 INDUSTRIAL AND COMMERCIAL MACHINERY AND COMPUTER EQUIPMENT

The Major Group as a Whole

This major group includes establishment engaged in manufacturing industrial and commercial machinery and equipment and computers. Included are the manufacture of engines and turbines; farm and garden machinery; construction, mining, and oil field machinery; elevators and conveying equipment; hoists, cranes, monorails, and industrial trucks and tractors; metalworking machinery; special industry machinery; general industrial machinery; computer and peripheral equipment and office machinery; and refrigeration and service industry machinery. Machines powered by built-in or detachable motors ordinarily are included in this major group, with the exception of electrical household appliances. Power-driven handtools are included in this major group, whether electric or otherwise driven. Establishments primarily engaged in manufacturing electrical equipment are classified in Major Group 36, and those manufacturing handtools, except powered, are classified in Major Group 34.

Industry Group Number	Industry Number	
3520		**FARM AND GARDEN MACHINERY AND EQUIPMENT**
	3523	**Farm Machinery and Equipment**

Establishments primarily engaged in manufacturing farm machinery and equipment, including wheel tractors, for use in the preparation and maintenance of the soil; planting and harvesting of the crop; preparing crops for market on the farm; or for use in performing other farm operations and processes. Included in this industry are establishments primarily engaged in manufacturing commercial mowing and other turf and grounds care equipment. Establishments primarily engaged in manufacturing farm handtools are classified in Industry Group 342, and those manufacturing garden tractors, lawnmowers and other lawn and garden equipment are classified in Industry 3524.

MAJOR GROUP 4200 MOTOR FREIGHT TRANSPORTATION AND WAREHOUSING

The Major Group as a Whole

This major group includes establishment furnishing local or long-distance trucking or transfer services, or those engaged in the storage of farm products, furniture and other household goods, or commercial goods of any nature. The operation of terminal facilities for handling freight, with or without maintenance facilities, is also included. Field warehousing is classified in Services, Industry 7389. Establishments of the United States Postal Service are Classified in Major Group 43.

Industry Group Number	Industry Number	
4210		**TRUCKING AND COURIER SERVICES, EXCEPT AIR**
	4212	**Local Trucking Without Storage**

Establishments primarily engaged in furnishing trucking or transfer services without storage for freight generally weighing more than 100 pounds, in a single municipality, contiguous municipalities, or a municipality and its suburban areas. Establishments primarily engaged in furnishing local courier services for letters, parcels, and packages generally weighing less than 100 pounds are classified in Industry 4215; those engaged in collecting and disposing of refuse by processing or destruction of materials are classified in Industry 4953; those engaged in removing overburden from mines or quarries are classified in Division B, Mining; and construction contractors hauling dirt and rock as a part of their construction activity are classified in Division C, Construction.

Baggage transfer
Carting, by truck or horse drawn wagon
Debris removal, local carting only
Draying, local: without storage
Farm to market hauling
Furniture moving, local: without storage
Garbage, local collecting and transporting: without disposal
Hauling live animals, local
Hauling, by dump truck
Local trucking, without storage

4213 Trucking, Except Local

Establishments primarily engaged in furnishing “over-the-road” trucking services or trucking services and storage services, including household goods either as common carriers or under special or individual contracts or agreements, for freight generally weighing more than 100 pounds. Such operations are principally outside a single municipality, outside one group of contiguous municipalities, or outside a single municipality and its suburban areas. Establishments primarily engaged in furnishing air courier services for individually addressed letters, parcels, and packages generally weighing less than 100 pounds are classified in Industry 4513 and other courier services for individually addressed letters,

4214 Courier Services, Except by Air

Establishments primarily engaged in the deliver of individually addressed letters, parcels, and packages (generally under 100 pounds), except by means of air transportation or by the United States Postal Service. Delivery is usually made by street or highway within a local area or between cities. Establishments primarily engaged in furnishing air delivery of individually addressed letters, parcels, and packages, except by the United States Postal Service, are classified in Industry 4513, and establishments of the united States Postal Service are classified in Industry 4311. Establishments primarily engaged in the delivery of advertising and other unaddressed letters, parcels, and packages are classified in Industry 4311. Establishments primarily engaged in the delivery of advertising and other unaddressed letters, parcels, and packages are classified in Industry 7319. Establishments primarily engaged in undertaking the transportation of goods from shippers to receivers for a chare covering the entire transportation, but making use of other transportation establishments to effect the entire deliver, are classified in Industry 4731. Establishment primarily engaged in furnishing armored car services are classified in Services, Industry 7381.

* 4230 TERMINAL AND JOINT TERMINAL MAINTENANCE FACILITIES FOR MOTOR FRIEGHT TRANSPORTATION

4231 Terminal and Joint Terminal Maintenance Facilities for Motor Freight Transportation

Establishments primarily engaged in the operation of terminal facilities used by highway-type property carrying vehicles. Also included are terminals which provide maintenance and service for motor vehicles. Terminals operated by motor freight transportation companies for their own use are classified in Industry Group 421. Separate maintenance and service facilities operated by motor freight transportation companies are classified as auxiliary. Establishments primarily engaged in the repair of trucks are classified in Services, Industry Group 753.

MAJOR GROUP 4400 WATER TRANSPORTATION

The Major Group as a Whole

This major group includes establishments engaged in freight and passenger transportation on the open seas or inland waters, and establishments furnishing such incidental services as lighterage, towing, and canal operation. This major group also includes excursion boats, sightseeing boats, and water taxis. Cargo handling operations when carried on by transportation companies and separately reported are classified in Industry 4491. When separate reports fro cargo handling are not available, these operations are classified with the transportation establishment. Establishments engaged in the operation of charter or party fishing boats are classified in Services, Industry 7999.

Industry Group Number	Industry Number	
4490		**SERVICES INCIDENTAL TO WATER TRANSPORTATION**
	4491	**Marine Cargo Handling**

Establishments primarily engaged in activities directly related to marine cargo handling from the time cargo, for or from a vessel, arrives at shipside, dock, pier, terminal, staging area, or in-transit area until cargo loading or unloading operations are completed. Included in this industry are establishments primarily engaged in the transfer or cargo between ships and barges, trucks, trains, pipelines, and wharfs. Cargo handling operations carried on by transportation companies and separately reported are classified here. This industry includes the operation and maintenance of piers, docks, and associated buildings and facilities; but lessors or such facilities are classified in Real Estate, Industry 6512.

* MAJOR GROUP 4900 ELECTRIC, GAS, AND SANITARY SERVICES

The Major Group as a Whole

This major group includes establishments engaged in the generation, transmission, and/or distribution of electricity or gas or steam. Such establishments may be combinations of any of the above three services and also include other types of services, such as transportation, communications, and refrigeration. Water and irrigation systems, and sanitary systems engaged in the collection and disposal of garbage, sewage, and other wastes by means of destroying or processing materials, are also included. If one service of a combination system does not constitute 95 percent or more of revenues, the establishment should be classified as a combination in Industry Group 493, with the subgroup being determined by the major service supplied.
