Revision No. 40  
Effective March 15, 2003

Enclosed is the fortieth revision to the Farm Credit Administration's Loan Account Reporting System (LARS) Instructions. Revisions of specific instructions are identified on each page by an asterisk in the left margin of the section that has been revised. Revision No. 40 should be filed after the "Revisions" tab in your instruction book. All LARS instructions should be filed in the back of your Uniform Call Report Instruction Manual. Listed below is an explanation of the revisions.

Discussion of Revision

Data Element Number 01—System Code	Code 04=PCA was removed as a valid code. As of January 1, 2003, there are no longer any stand-alone PCAs.
Data Element Number 02—District Code	As a result of a reaffiliation and merger codes 17=AgriBank, 18=AgAmerica, and 21=CoBank were removed as valid codes. Codes 22=AgriBank and 23=CoBank were added.
Data Element Number 17—Government Guarantees	The element name was changed to Government and Other Guarantees. Code 01=Farmers Home Administration was renamed Farm Service Agency. Code 08=Farmer Mac was added. Code 10=Other – Guarantees not included elsewhere was added.
Standard Industrial Codes	The following codes and definitions were added: 2034 Dried and Dehydrated Fruits, Vegetables, and Soup Mixes; 4971 Irrigation Systems; and 5182 Wine and Distilled Alcoholic Beverages.
Loan Service Organization Codes	As a result of recent association mergers and the addition and deletion of branch codes, all pages in this section have been reprinted.

DATA ELEMENT NUMBER: 25

DATA ELEMENT NAME: Legal Action Status

DATA ELEMENT CLASSIFICATION: Status of Accounts

\* DEFINITION: Report the code which indicates if a loan is currently in bankruptcy or foreclosure.

TYPE OF DATA: Numeric

NUMBER OF FIELD POSITIONS: 1

STARTING POSITION: 130

NEGATIVE VALUE ACCEPTABLE: No

NULL VALUE ACCEPTABLE: Yes, if no legal actions have been taken.

VALID CODES: As defined in 12 CFR 621.2(a):

1 = BANKRUPTCY. A loan shall be considered in bankruptcy if the reporting institution has received notice that a petition has been filed with a court of competent jurisdiction by or against the borrower under any chapter of the Federal Bankruptcy Act of similar State statute. A loan shall remain "in bankruptcy" for reporting purposes until the court's jurisdiction is terminated or relief from the automatic stay is granted that permits collection to proceed fully, and a detailed analysis of the loan supports a reclassification other than a nonperforming status. Such analysis shall consider all pertinent factors and shall be well documented. If a debt adjustment plan has been confirmed by the court, the loan shall be classified and reported as "formally restructured" unless no concessions are granted by the creditor under the plan.

2 = FORECLOSURE: A loan shall be considered and reported in foreclosure if the reporting lender has authorized

initiation of proceedings under State law or deed of trust to terminate the borrower's right in any property in which the lender has a security interest. If the reporting lender has received notice that a third party has initiated proceedings under State law or deed of trust to terminate the borrower's right in any property in which the lender has a security interest, the lender shall promptly review the potential impact of the third party actions and classify and report the loan accordingly. The review shall consider all pertinent factors and the classification shall be well documented in the loan file.

3 = Both codes 1 and 2 apply.

NOTE:

Once a loan is in foreclosure, it remains in that status so long as it is on the books of their reporting institution and the authority to initiate foreclosure is not withdrawn or the third party legal proceeding is not fully discharged or otherwise terminated by court action or withdrawal.

2 = FORMALLY RESTRUCTURED LOANS. Loans that are “troubled debt restructurings,” as defined in Statement of Financial Accounting Standards No. 15, “Accounting b Debtors and Creditors for Troubled Debt Restructuring” as promulgated by the Financial Accounting Standards Board.

NONACCRUAL LOANS. A loan shall be considered and reported as either “5-Cash-basis nonaccrual,” or “6-Other nonaccrual loan” if it meets any of the following conditions:

\* **Change made effective March 31, 1995.**

- (1) Collection of any amount of outstanding principal and all past and future interest accruals, considered over the full term of the asset, is not expected; or,
- (2) Any portion of the loan has been charged off, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan; or,
- (3) The loan is 90 days past due and is not both adequately secured and in process of collection.

5 = CASH-BASIS NONACCRUAL.  
Nonaccrual loans that the reporting institution maintains on a cash basis. Generally, cash basis refers to the recognition of income from payments received on certain nonaccrual loans for which the collectibility of the loan's principal is not in doubt.

6 = OTHER NONACCRUAL. All other nonaccrual loans not included in 5 above.

NOTE A:

A loan shall be considered adequately secured only if it is collateralized by real or personal property having a net realizable value sufficient to discharge the debt in full, or it is guaranteed by a financially responsible party in an amount sufficient to discharge the debt in full.

A loan is considered in process of collection only if collection efforts are proceeding in due course and, based on a probable and specific event, are expected to result in the prompt repayment of the debt for its restoration to current status. There must be documented evidence that collection in full of amounts due and unpaid is expected to occur within a reasonable time period, not to exceed 180 days from the date that payment was due. The commencement of collection efforts through legal action, including ongoing workouts and

reamortizations, do not, in and of themselves, provide sufficient cause to keep a loan out of nonaccrual status.

If full collection of the debt or its restoration to current status is dependent upon completion of any action by the borrower, the institution must obtain the borrower's written agreement to complete all such actions by the specific dates set forth in agreement.

NOTE B:

The sum total of principal and accrued interest for all loans reported in each category must be reconciled to the total amounts for each category reported on Schedule RC-F (Performance of Loans, Notes, Sales Contracts, and Leases), Column D, items 1 through 3. differences must be fully identified in an addendum to the institution's Call Report submission.

\* **Change made effective March 31, 1994.**
