FCA Board Approves Final Rule on Director Elections

McLEAN, Va., March 11, 2010 — The Farm Credit Administration (FCA) Board today approved a final rule on director elections for Farm Credit System institutions. The purpose of this rule is to strengthen stockholder involvement in the management, ownership, and control of System institutions by increasing stockholder participation in the director election process.

The final rule would amend FCA regulations at Parts 611, 615, and 620 to revise Farm Credit bank and association director election and voting rules. The rule contains requirements associated with holding stockholder meetings, clarifying the duties of nominating committees, and making and accepting floor nominations. The rule also enhances annual meeting and election notices to stockholders.

The rule was proposed in April 2009, and the comment period was extended until August 14. FCA received 96 comment letters.

The final rule will be effective 30 days after publication in the Federal Register during which either body of Congress is in session. Notice of the effective date will be published in the Federal Register.
