The Farm Credit Administration is the safety and soundness regulator of the Farm Credit System. The System consists of two government-sponsored enterprises—a nationwide network of cooperative banks and associations established in 1916, and a secondary market entity known as the Federal Agricultural Mortgage Corporation (Farmer Mac) that was established in 1988. The System's borrower-

owned banks and associations provide credit to farmers, ranchers, residents of rural communities, agricultural and rural utility cooperatives, and other eligible and creditworthy borrowers. Farmer Mac provides a secondary market for agricultural real estate loans, rural housing mortgage loans, and certain rural utility loans. Members of the FCA Board are Dallas P. Tonsager, Board Chairman and CEO; Jeffery S. Hall; and Kenneth A. Spearman.
