Kevin Kramp becomes FCA's deputy general counsel

McLEAN, Va., Aug. 21, 2020 — Kevin Kramp has been selected to be the Farm Credit Administration's deputy general counsel. He began serving as acting deputy general counsel on March 1 of this year.

Mr. Kramp joined FCA in 2015 as executive assistant to Board Member Jeff Hall. He served in that capacity until he was appointed acting deputy general counsel.

Before coming to the agency, Mr. Kramp worked for many years on Capitol Hill. In 1991, two days after receiving his bachelor's degree from Cornell College in Mt. Vernon, Iowa, he joined the staff of then-Congressman Jim Nussle. Two years later he joined the office of then-Congressman Bob Goodlatte.

In 1996, Mr. Kramp joined the staff of the House Committee on Agriculture. He was named chief counsel of that committee in 2003, a year after earning his law degree from the Columbus School of Law at The Catholic University of America.

"Kevin brings significant management experience and tremendous knowledge from his work on the House Ag Committee," said Charlie Rawls, FCA's general counsel.

"He is a good listener with a great sense of humor, and he works well with everyone. He is also selfless and dedicated to doing right by people and doing a great job," Mr. Rawls said. "In the five years since he joined the agency, he has made significant contributions to FCA, and I know he will continue to do so as deputy general counsel."

###

The Farm Credit Administration is the safety and soundness regulator of the Farm Credit System. The System consists of two government-sponsored enterprises — a nationwide network of cooperative banks and associations established in 1916, and a secondary market entity known as the Federal Agricultural Mortgage Corporation (Farmer Mac), which was established in 1988. The System's borrower-owned banks and associations provide credit to farmers, ranchers, residents of rural communities, agricultural and rural utility cooperatives, and other eligible and creditworthy borrowers. Farmer Mac provides a secondary market for agricultural real estate loans, rural housing mortgage loans, and certain rural utility loans. FCA news releases are available on the web at www.fca.gov.
